

Work hard. Be nice.

October 26, 2017

Media statement

We are deeply disturbed by these new allegations about our former staff member. This type of behavior runs counter to everything we believe in at KIPP. Our hearts go out to any member of the KIPP community who has experienced abuse, and we encourage those who have information to contact the authorities. We will continue to support law enforcement and the District Attorney's Office in its investigation so justice is served.

Sehba Ali
Superintendent KIPP Houston Public Schools
